

# Strength through crises

**Marc Wallert**

Author | Speaker | Trainer  
for resilience

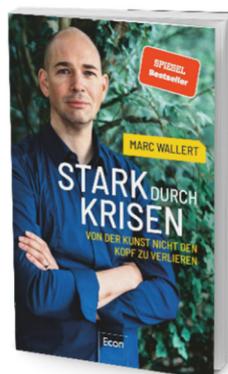

## SPEAKER PROFILE

Marc Wallert's motto, **Strength through crises**, is the mantra that he uses to inspire people and organizations alike, proving to them that they can overcome moments of crisis and great adversity, and even prosper from them.

Marc's life journey has made him an expert in resilience. Having spent 140 days in captivity in the Philippine jungle, and with a professional background of over 15 years in the leadership of international companies, Marc's talks draw on his real lived experience.

As a **kidnapping survivor**, Marc truly knows the value of inner resistance and mental resilience. In the year 2000, at the age of 27, Marc spent four and half months as a captive of the terrorist group Abu Sayyaf, emerging unharmed, and armed with a vast new range of survival strategies. Today, he applies these strategies to both everyday life and the world of business.
